Jiffy-Jell comes in fresh fruit flavors for desserts. But it also comes in mint flavor, to make instant garnish jell.

The mint flavor comes sealed in a vial, so it keeps its strength and freshness. It makes a green jell with a wealth of fresh mint flavor. Serve with cold meats or roast lamb. Or mix in meat scrappie before cooling and make a meat loaf of it.

Try Loganberry Jiffy-Jell for a fruit dessert, and mint for a garnish jell. They will delight you.

## FROM KANSAS BOYS

Yanks in France Send Greetings to Folks at Home.

To the people of Missouri and Kansas from the troops of Missouri and Kansas come these Thanksgiving messages, by cable from "O. P. H." a Kansas City correspondent with the troops: Mothers, Sweethearts, Relatives, Friends: We give thanks for the peace we have won, for the happiness that victory brought to the liberated peoples of France and Belgium, who are cheering us on our way to beaten Germany. We give thanks, not because the war is over, but because the war was won, and all our tender thoughts may honorably turn toward home, now that the job is done.—The 89th Division.

Home Folks, We Salute You! We may not have turkey today to be thankful for, but we have something greater and more gratifying—the knowledge that we stood by our American ideals, fought and suffered to keep the world free from German rule and German Kultur, which end we have attained.—89th Division.

Greeting: We are thankful for the wonderful support given us by the home folks, without which it would have been impossible for us to have brought the war to a successful and victorious close.—Col. Frank L. Travis, 89th Signal Corps Ammunition Train, now on German soil.

## "DOC" HAS FLU NOW

After Writing About It for Many Weeks, Reporter "Gets Facts."

"Here's the flu story for today. Not much to it but it is the best I could"—hahoo! "Get your gas mask!" went up from the reporters in the State Journal local room.

The reporter just about "deadline" time or fifteen minutes before the home edition went to press, Frank ("Doc") Longenecker, reporter, was speaking to the copy reader, his sneeze and copy were turned in at the same time.

Today "Doc" has the flu. Longenecker has been writing flu, flu for many weeks for the State Journal. He has haunted the city and state board of health offices, he has tramped thru the emergency hospital, he has followed Doctor Clark from one part of town to another trying to locate developments in the influenza epidemic.

I have written so much about the disease that I feel every day as though I had it," he has commented from time to time. "Then I write a story on how to avoid it and I'm all right again."

Here is hoping that Longenecker's many "cures" will be effective and that he be back again soon.

## THE WOMEN TO TALK

They Will Have Grand Talkfest in Holland in February.

Washington, Nov. 29.—A big peace conference of women is planned for February in Holland, with delegates present from all countries, including Germany and Austria.

The session, if finally arranged, will be under the auspices of the international co. nittee of women for permanent peace, of which Jane Addams of Chicago is president.

Miss Addams said Secretary of State Lansing told her the matter of American delegates attending would be up to the passport secretary, largely to decide, but she gained the impression that there is no real obstacle in the way of the meeting.

Incidentally, Miss Addams revealed that the state department had counseled against any reply at this time to the German women's appeal to America, addressed to Mrs. Woodrow Wilson and Miss Addams.

## USED RESINOL FOR BAD SKIN TROUBLE

Considers Recovery Remarkable.

Brooklyn, N. Y., Aug. 14.—"For almost six years I suffered from a severe case of skin trouble which began with swelling and intense pain in my knee. Then my leg became inflamed and sores broke out, which itched and burned terribly day and night. I tried many remedies, but gained no relief. I even spent six months in the hospital, and the doctors wanted to amputate my leg. At last I tried Resinol Ointment and Resinol Soap and obtained relief from the first application. My knee is now well, and I consider the cure remarkable, as my trouble was very serious." (Signed) Mrs. Henri Mauer, 419 Hooper street.

All druggists sell Resinol Ointment and Resinol Soap.—Adv.

## TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Back-achy or Bladder troubles you.

—Salts is fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular intake of uric acid must be flushed out occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush out the body's urinous waste, get about four ounces of Jad Salts from any pharmacy; take a tablespoonful of warm water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of mothers and women take now and then, thus avoiding serious kidney and bladder disease.—Adv.
